

An Opportunity to Enrich yourself & build a career

Energy Infratech Private Limited (EIPL) is engaged in providing "concept to commissioning" solutions for power project developers in India & abroad. The company has a portfolio of thermal (coal & gas) and hydro power plants with a combined capacity of over 10,000 MW under various stages of execution. Headed by Mr. R V Shahi, former Secretary - Power, Govt. of India as Executive Chairman, it seeks to leverage its extensive pool of intellectual capital for adding value to the efforts of power project developers. The company provides Engineering, Technical, Project Management, Operation & Maintenance solutions to the developers. It has offices in Delhi, Gurgaon, Hyderabad and various project sites.

The company is currently executing Mega Power Projects in Andhra Pradesh, Chattisgarh, Sikkim, Himachal Pradesh and Arunachal Pradesh.

The company is inviting passionate professionals with experience of large-scale Thermal & Industrial projects to propel these mega power projects with Electrical, Mechanical & Civil Engineering background and commensurate construction/erection experience to help us generate Clean Energy. The positions are for the project sites in Andhra Pradesh, Chattisgarh & the Engineering and Project Management at Hyderabad.
