

Mr. K.K. Roy
President – Hydro
Energy Infratech Private limited

PROFILE

Mr. Kamala Kant Roy has over 39 years of experience and has held key positions in reputed organizations. He has started his industrial career in 1969 with Fertilizer Corporation of India and later continued with Rashtriya Chemicals and Fertilizers Limited (RCF). He was Executive Director (Projects) in RCF till 2002.

He took over as Chairman and Managing Director of a premier consultancy organization Projects and Development India Limited (PDIL), a Govt. of India undertaking in 2002 and served it for 5 years till 2006.

He played key role in transforming PDIL into a vibrant and dynamic organization taking it out of BIFR and making it a continuous profit earning company. He has actively involved in handling world class projects overseas in Australia and Malaysia leading to successful completion.

He was subsequently engaged with Nagarjuna Group, Hyderabad from 2007 where he has been associated with development of overseas projects. He is widely traveled to various countries like Algeria, Nigeria, Iran, Italy and USA etc. He has also been involved as Director with Himgiri Hydro Electric Projects, Panan in sikkim.

He is a graduate in mechanical engineering from Ranchi University
